Re: Notice of Oral Ex Parte: Revision of Part 15 of the Commission's Rules to Permit Unlicensed National Information Infrastructure (U-NII) Devices in the 5 GHz Band, ET Docket No. 13-49

Dear Ms. Dortch:

On July 18, 2016, Christopher Szymanski, Director of Product Marketing and Government Affairs at Broadcom, met with Commissioner Clyburn's Legal Advisor Daudeline Meme to discuss Broadcom's comments filed in the above-referenced proceeding.

During this meeting Mr. Szymanski outlined the arguments made in Broadcom's comments in opposition to the automaker's petition for reconsideration of the 2016 MO&O, as well as Broadcom's comments related to the potential for unlicensed operations in the U-NII-4 band. In particular he emphasized that details pertaining to Wi-Fi emissions were not based on assumptions, but rather on real world measurements from the hundreds of millions of devices in operation in the United States that have been certified to operate in U-NII-3. Pursuant to the Commission's rules, a copy of this notice is being filed electronically in the above-referenced docket. If you require any additional information please contact the undersigned.

Sincerely,

/s/ Christopher Szymanski
Christopher Szymanski
Director, Product Marketing and
Government Affairs
